Nifty to breach the top of April month -
Positive trend on our charts!

May 2020 Performance Outlook

Our Predictions for the Month of May stood 100% Spot on. The title of our previous newsletter was "After the Rally, Nifty heading for a correction in Levels", which turned out to be accurate with Nifty creating the top of 9889 on 30th April 2020 and then gave a correction in levels and generated the bottom of 8806.

Nifty corrected 1000 Points which gave handsome returns to the bears. Our predictions on the short-covering and positive trend in the market with specifically mentioned dates were banged on with market giving the highest short-covering on 27th - 28th May till the rest of the days of the month.

We are delighted that our subscribers can mint money in these uncertain times too with the help of our predictions.

The lockdown 4 has contributed to the addition of the skepticism of the investor as ever. The lockdown extended on May 17th - The Centre Sunday for two more weeks till May 31st yet gave us some major relaxations, permitting almost all the economic activities and significant public movement in the permitted zones. And Soon the announcement will be made for the upcoming days as well.

Time Theory Astro Outlook for June 2020

The movement of Nifty is in the positive territory. As per the Astro monthly Charts, the market will keep moving higher. Till 15 the pace may be slow but it will resume oneway upward trend from June 15th till the 30th which will lead to a new high for short term.

In the hope of economic activities to normalize, market sentiments will become positive, and Nifty will resume the short-covering and have fresh buying which will lead to positive rally especially in the time span of 15 June to 26th. The end of the rally will be in the date range of 26-29 June.

Somehow, we could also expect major and multiple announcements in the upcoming time frame 20 June-15 July. A special newsletter will be sent focusing on this. 09 June, 10 June 28 June, 04 and 05 July could be important dates.

The announcement could be regarding -

- 1) Declaration of effective drug discovery for COVID-19.**
- 2) Major announcement coming from Indian Ministry.**
- 3) Major deal happening over crude and Bonds.**

Market Trends – Important Dates

June 1st – 5th:

Though the market sentiments will turn positive, traders may prefer to book the profits at the end of the day. overall Nifty will have a positive trend in the week.

June 8th – 12th:

this week will show a similar pattern as well. On 09th and 10th, the market will possess a broad trading range and will majorly trade on either side of the range.

09 and 10 are Key dates where we could have any big announcement from the government of India.

June 15th – 19th:

We expect markets to perform well and continue with positive trend sustaining till the end of this month. Nifty will experience a positive trend. Additionally, 16th and 17th June will be good bullish days.

Market Trends – Important Dates

June 22nd – 26th:

This is the Expiry Week. We may see the continuation in the positive trend and the market will have average gains every day of the week. 21 and 22 June are key dates for having a development.

June 29th - 30th:

The ending days will turn out to be positive for the market.

Time Theory Predictions for Crude and Currency

Astro Charts are significantly focusing on Crude, Currency, and Bonds this month. Certain critical developments may take place in correlation to these three aspects in the Indian Context.

The impact on the pricing is inclined towards the month of July and will make clear in the same newsletter. However, we are looking forward to the positive trend in crude pricing, impacting inversely proportionate on the Indian currency too.

Expert Recommendations

We advise our trading subscribers to start building long positions and to book the profits for the month-end.

For our long term investors, we do not find this the right time as the gestation period for the returns will be higher. However, for the short term investors, our charts show some good opportunities in the beginning, just for the upcoming few months. The preferred sectors will be similar as predicted in our yearly reports.
