

Annual Performance Report for Equities 2019

Astro Economic Analysis Using Time Theory

A Snapshot Of Our Market Predictions vis-à-vis Actual Market Reality

We strongly believe “Accuracy builds Credibility”, especially given the nature of our business. Our client’s place a high level of trust and confidence in our abilities and we are happy to announce that we have been able to reciprocate this with consistently accurate market trend forecast that guides them to make the right moves at the right time. We provide Astro Economic Consulting Services specializing in trend prediction of Nifty and other commodity products on a monthly and yearly basis that is based on Astro cycles including specific date ranges.

We take this opportunity to share our Annual Performance Report for Equities 2019 detailing our market predictions that is arrived at using our unique Time Theory, against the actual market trends that took place during that respective time period.

It is with great pride that we announce (a fact that can be proven beyond doubt) that we have consistently achieved 90% accuracy in our predictions of the market trends and have always been way ahead of technical and fundamental analysis tools that are being used to forecast market trends.

January 2019

WE PREDICTED

"Nifty to Trade Range Bound This Month "

March 2019

WE PREDICTED

"End of Range Bound Movement ; Nifty Heading For A Breakout This Month "

MARKET REALITY

Our star prediction, as Nifty indeed gave a breakout after four months and headed towards a bullish trend. Nifty levels for the month 10842 -11623, a whooping rally and growth in levels, just as indicated. None of the technical or fundamental analysis tools predicted this breakout.

April 2019

WE PREDICTED

"Nifty Handover from Bulls to Bears. We predicted markets will slow down and let the bears take charge."

MARKET REALITY

Market experienced a slowdown in the upward trend and entered into range-bound trading. It started with 11655 levels and closed at 11748 levels. In our detail analysis, we accurately predicted the date range for the market trend patterns which were exactly a match.

May 2019

WE PREDICTED

"Nifty To Take The Plunge, Bears Will Be In Charge"

MARKET REALITY

Nifty started with the level of 11725 created the bottom of 11108 and ended at 11922. We predicted bearish trends for the entire month, however, the bearish trend was witnessed for only half of the month. Our prediction for 15 days differed from the actual market happenings.

September 2019

WE PREDICTED

"Market Inching Towards The End Of Bearish Phase - Nifty To Create Bottom "

MARKET REALITY

Once again, this was a star prediction for us. We were the only ones to correctly predict the market trend for this month and that too with exact and precise date range.

18-20 September was predicted to have sharp short-covering. Nifty created the bottom of 10694 and top of 11774 this month.

December 2019

WE PREDICTED

"Nifty To Scale New Heights. Market To Witness The Much Awaited Breakout And A New Bull Run Journey ."

MARKET REALITY

Once again, this was a star prediction for us. We were extremely confident of the breakout and the beginning of a new bull era with a precise date range of 16 December. On 16th December Nifty crossed 12157 firmly and created a new high. A breakout was not expected at all and even technical or fundamental analyst did not see this trend coming. However, we were able to forecast this trend much in advance.
